## Banquet Closes Football Season

**Faculty, Trustees and Alumni Men Give Testimonial Dinner to Football Squad in Honor of Their Splendid Work, Spirit During the Past Season—  
Team Praised by Speakers**

George Washington's football season came to a close Friday evening with the testimonial dinner given the team by members of the trustees, faculty and alumni. The affair, which was at the Garden Tea House, served as the occasion for the announcement of the list of players to whom the coveted "G. W.'s" are awarded, and after the list had been read and the men who had played the requisite number of quarters to obtain the letter had been applauded, there were addresses by the guests and members of the team, lauding the work which was done this past fall and predicting much success for future George Washington elevens.

Dr. Daniel LeRay Borden, better known to the boys as "Dan," who was the prime mover in arranging the testimonial, was master of ceremonies, and with him at the head table were Hon. William Miller Collier, LL. D., president of the University; Merton L. Ferson, dean of the Law School; Dr. W. C. Borden, dean of the Medical School; Mr. Samuel Herrick, Mr. William Bruce King, Mr. William S. Washburn, of the Board of Trustees; Mr. Elmer Louis Kayser, secretary of the University; Mr. Bryan Morse, director of student activities; Mr. Eugene Underwood, Jr., member of the Board of Managers; Capt. Harry Hawley, and Manager Russell I. Whyte.

That the past football season, George Washington's first in a number years, was a greater success than was anticipated, and that it argues well for teams of the years to come was effectively brought out by those who spoke. As expressed by President Collier, who spoke for the deans and the faculty, many were the obstructions which beset the team; its progress was fraught with troubles, but it successfully met them all, and the memory of the 1920 team will be a shining light for those in future years to look back upon.

President Collier assured the team the further hearty support of the deans and the faculty, and he lauded the all-round work of Bryan Morse, who, besides being director of student activities, handled the coaching of the team. He expressed his confidence in the ability of Mr. Morse and also spoke in high appreciation of the efforts of Dr. Dan Borden, of the Board of Managers, who was one of those most instrumental in keeping the team together and cheering up the flagging spirits during the inevitable dark days.

Dr. Borden, who spoke next, discounted the congratulatory words which the president had bestowed on him, and said it was the indefatigable efforts of everyone connected with the team that brought the season to so successful a conclusion. The fact that the greater number of the games had been defeats could be overlooked with the thought in view that football at George Washington had again been placed on a firm basis, and prospects for 1921 made so bright. He pointed out the difficulties which Coach Morse and Manager Whyte met, and thanked Prof. McNemar and Lieut. Harmon for their assistance in coaching.

Capt. Hawley spoke of the spirit and support shown by the alumni and trustees and expressed the opinion that they always will be ready to assist in bringing about a winning team.

Mr. Davis, of the trustees, urged a continuance of the clean playing shown by George Washington this year. He also added a word in tribute to the girls of the University.

Manager Whyte spoke of the business side of the team, and of the able cooperation and help given him by his assistants.

The difficulties which the team faced from the very beginning were also brought out by Dean Ferson. He praised the spirit shown, commenting on the inability of the whole squad to get together more than twice a week for team practice, and then only at night. Bailey Springston, of the team, later voiced a hope that next year's conditions would be such that daily practice could be held.

There were other speakers, too, Dean W. C. Borden, of the Medical School, speaking of his pride in the team and calling for a greater University spirit. Mr. John Paul Earenst, of the Law School, spoke of football when he played the game at Gettysburg, and football at George Washington during the early years of the twentieth century.

Mr. King, Prof. DeWitt Croissant, Dr. Washburn, and Prof. Hall delivered stirring addresses.

E. T. McNemar and Harold T. Kay were the concluding speakers. Right

(Continued on page three.)

## PRESIDENT COLLIER PRAISES G. W. CALENDARS

**Profits on Calendars Will Help Pay for Fine Binding for the Cherry Tree.**

"It is a work of art and ought to keep us interested in athletics every day in the year," is what President William Miller Collier said after seeing one of the George Washington Calendars that the Business Staff of the Cherry Tree has recently published in an effort to boost the student spirit and interest.

The George Washington Calendars are all that the president has said for them. They are a six-page matter of cream tint, book-finish paper, bound with a black silk leather cover and embossed with the seal of the University in raised leather and with "G. W. U., 1921" on the outside. The pages and cover are bound together with black leather thongs.

The first page of the Calendar contains a beautiful picture of the Capitol Building, together with small calendars for January and February. Following in order come the pictures of basketball team, girls' basketball team, tennis team, track team, and this year's football squad, with inserts of Bryan Morse, the coach, and of Russell Whyte, manager of the football team. The smaller calendars are interspersed throughout.

There are many arguments in favor of buying a Calendar. In the first place, the pictures in the Calendar will serve as a reminder of the renewed athletic life at the University. The smaller calendars will give opportunity to jot down dates for the Student Council "hops," athletic games, Junior Week engagements, and sundry "private" dates. And buying one will mean that the Cherry Tree can present a more admirable front and boughs laden with more lucious fruit than heretofore.

The Calendars will make an admirable "Christmas Gift" for the lady or for the "best beau" and put the giver in stronger than ever. These Calendars are an innovation in student life at George Washington and, being new, will be "something different." Which, by the way, always makes a big hit.

The supply of Calendars is limited and the days to Christmas are short. So buy your Calendars NOW! You can get them from the Hatchet Office, General Office, from the Staff of the Cherry Tree, and from Bryan Morse's Office. A Calendar will be delivered on payment for two dollars, only.

## FACULTY MEMBERS ATTEND CONVENTION

George Washington University was well represented at the thirty-fourth annual convention of the Association of Colleges and Preparatory Schools of the Middle States and Maryland, which was held November 26 and 27 in Baltimore under the auspices of Johns Hopkins University. Dean Wilbur, Prof. Doyle, Prof. Dewitt Croissant, Mr. Protzman and Mr. Patison, of the G. W. U. faculty, attended and actively participated in the program.

The association was welcomed Friday morning in the Civil Engineering building by Dr. Frank Goodnow, president of Johns Hopkins. The president of the association, Mr. Walter Marsh, responded. Following this there was a general discussion of the "Moral Character, Culture and Refinement in the Secondary School." Luncheon was tendered by the Johns Hopkins University at the Hopkins Club.

In the afternoon a business meeting took place, and reports were heard from various committees. The discussion of the afternoon was on "What Are the Minimum Standards to be Demanded of a College before Admitting Its Graduates to the Professional Schools?" At 7 p. m. there was an informal dinner at the Emerson Hotel.

The convention was continued on Saturday by meetings of the various associations. Prof. Doyle was elected vice president of the Association of Modern Language Teachers. Prof. Croissant took a prominent part in the discussion on "The Bible and the Classics as a Literary Background," held at the College Conference on English.

One of the meetings was that of a proposed association of financial officers of universities and colleges. The convention was concluded late Saturday evening.

## FRESHMAN MIXER A GREAT SUCCESS

**Despite Sophomore Interference, Resourceful Freshmen Make Event One of Year's Best.**

It was a great success! What? The freshman mixer, of course. Jazz, eats, speeches, sophomores, 'n everything. The class of '24 have put themselves into University life with a zeal and pep that is going to make George Washington University widely known for its spirit.

President Earle Manson was somewhat late in arriving. In fact, this popular class president is such a devotee to work that when the sophomores suggested he talk business with them he decided to forego the pleasure of the evening; but the freshmen thought that inasmuch as this was their own party their president simply must attend. After persuasion, the sophs decided to let business matters wait.

After chairs and other articles not needed in a hall where the teyrsichorean art holds sway were removed, it was discovered that the piano was sadly out of tune. (Not without reason, it is whispered.) But what can stop such resourceful freshmen from enjoying their mixer? Nothing! A piano tuner was procured—on with the dance.

Dean Howard L. Hodgkins, Elmer Kayser, secretary of the University, and Eugene Underwood, of the Board of Managers dropped in during the evening and were enthusiastically received. Officers of the upper classes and other celebrities were present also.

Another visitor to the mixer was Waldo Clark, who came in full dress, a dignity befitting an upperclassman. Clark seemed ill at ease amid so much informality. The joyous youthfulness of the freshmen weighed upon him, so after an appropriate address, in which he pleaded another engagement, he begged the freshmen to excuse him.

Secretary Kayser made an interesting little address in which he wished success to the class. Miss Winifred DeVoe sang two pleasing selections. William, a favorite janitor, did a clog dance that delighted the lovers of this particular accomplishment.

The freshman mixer was a complete success. The music and the eats were good, and the attendance a powerful refutation to those who would suggest that G. W. lacks school spirit.

## URGE COOPERATION WITH PUBLICITY AGENT

Students and faculty members have been urged by University officials to cooperate with Ralph W. Benton, the University's publicity agent, in the gathering of news regarding University activities.

Advance notices of meetings, reports of student events, fraternity and sorority news, items of personal interest, and human interest happenings are sought. They should be addressed to Mr. Benton, in care of the Editorial Department of the Washington Times. The publicity agent will see that the stories are put in newspaper style and sent to all four local papers. Items that are too trivial to command space in the regular news columns can be used on Sunday in the "University News" columns of the Post and the Herald.

Members of the class in journalism especially have been urged to send material to the publicity agent. Such work will give them practical experience and will encourage them by enabling them to see their stories in print.

Faculty members are urged to send the publicity agent interviews on topics of timely province. Such interviews will by no means be regarded as a means of exploiting the individuals, but as a service to the community in giving the people the benefit of the views of the University's experts. Serious stories of this type will give the University advertising of an invaluable type.

Pictures of girl students appearing in the University news can always be used and are eagerly sought.

All of the local papers are extremely generous with space for University news, and the problem is merely one of bringing to the surface the wealth of latent news. The publicity representative of every University organization is urged to cooperate with Mr. Benton.

## BASKETBALL MEETING BRINGS OUT 30 MEN

**Arrangements Almost Complete for Securing a Suitable Gymnasium for Team Practice.**

The organization meeting of the basketball team was held last Monday, December 13, at 8 o'clock in room 21 of Lisner Hall. Coach Morse had issued a call for all basketball men in the University to come out, and more than 30 answered the call of the first meeting. With such a start and with the knowledge that there is more material in the University, a successful season is to be expected.

Coach Bryan Morse opened the meeting and on asking for the names of the candidates present received a response from more than 30 men, most of whom had had previous experience either in high schools or in other colleges. Among those who responded were Loehler, Newby and Wood of local high school fame, as well as several others from out of town who had played on well-known teams. Coach Morse announced that his plan was to have two teams, a varsity team and a freshman team, each to consist of about 12 men, every man reporting being eligible for the varsity team this year. Another announcement of interest was that arrangements to use a floor in the Central Coliseum were nearly completed and that he expected to have baskets up and new showers installed by the end of the week if possible, so that practice could be begun at once. This floor, which is 50 by 84 feet, will be, when the new facilities are installed, one of the largest and best floors in the South.

Practice will begin as soon as the floor can be made for use, and notices of practice dates and time of practice for each team will be displayed on the bulletin boards of the Law, Medical and Arts and Sciences departments of the University. Coach Morse stated that probably night practice for both teams would be held, the varsity from 7:30 to 8:30 and the freshman team from 8:30 to 9:30.

Capt. Boteler asked that all present give both the coach and the University their entire support and to stick with the team through the season. The season for both teams opens soon, the freshmen playing their first game on January 1 and the varsity on January 7.

Attractive trips for both teams are planned, the varsity being scheduled to go to Philadelphia and to Roanoke, Va., and other Southern points. It was also announced that an effort would be made to have Center College send a team here toward the end of the season to engage our varsity team. There have been no men selected for places on either team, so that every position is open to competition. All those who could not be present at the first meeting are urged to get in touch with Coach Morse as soon as possible and to get into the game early.

## COMMITTEE OF PLAYWRIGHTS.

Miss Jean Jussen, who is engaged in writing a musical comedy for the G. W. Players, was a speaker at a recent meeting of that organization. President Nall, in accordance with Miss Jussen's wish, appointed a committee to assist her in the production of her play, which she hopes to have finished by spring. The committee consists of Foster Hagan, Preston Haynes, Russell I. Whyte and Josephine Houston.

## ARCHITECTURAL CLUB MEETS.

At a meeting Tuesday night, December 7, of the Architectural Club, the foundation of what will be the banner year for the department was laid. The aim is to make the centennial year the biggest in the history of the Architectural School, to make the student body realize that there is a real live bunch of students in architecture and who show much interest in student activities.

With the beginning of the new year the club will begin a series of lectures, similar to those given last year, only better advertised and open to the student body. The speakers will be men who will talk on subjects of interest outside the school, either artists or architects of local or national fame and to college students.

## RESEARCHERS GET EQUIPMENT.

The men of the Dye and Explosives Laboratory have received the equipment necessary for their experiments and are now making rapid progress. On Tuesday evening, December 7, a seminar was held at the laboratory, at which the men discussed their problems.

## High Standards

It is gratifying to see the high scholastic standing that both men's and women's fraternities of George Washington University have maintained for the past year. When we analyze the averages and find them as high as they are, here is what it means: There are inevitably a few in each group who waste their time, whose grades are shamefully low. Think, then, what high grades the greater number must have made in order to make such an average. This alone would more than justify the presence of fraternities in an institution. From the figures that show the women's fraternities to have made an average 5.8 per cent higher than that of the men's fraternities there are but two conclusions to draw. The sororities are either more strict in regard to scholastic standing or the discrepancy may be due to the fact that there are more fraternities than sororities, which might mean a larger number of the ones who do not study. Absolutely, both averages are very high and the University justly may be proud of its fraternal orders.

## Nearing End of a Lap

A short distance ahead lies the end of a lap. We all came to college primarily to get an education. There we found many other things to absorb some interest. Activities have their place; they serve to relieve the monotony of constant study, to keep alive interest in the college when it would otherwise become very dull. Perhaps some have unnecessarily neglected their studies. Now is the time to get back into the swing. The few remaining days in this semester must be made to count. A short Christmas vacation is coming; to some it will mean a rest justly earned, free from the worries of study; to others less fortunate it will mean a golden opportunity to make up back work. If you are among the latter, don't waste the opportunity. G. W. U., regardless of whatever else it may foster, does strive to maintain a high academic standard. The one preeminent characteristic running through the history of the University, that of turning out liberally educated men and women, must be upheld. Don't be a traitor to the traditions of your chosen University. You are nearing the end of a lap; SPEED UP!

## Radio for the College Man LOOMIS RADIO SCHOOL

Every college man should realize that the facts established by the early experimenters in "wireless" rank among the half dozen most important discoveries made by the human race.

There are several reasons why every college man should have a knowledge of this newest and greatest of sciences. It will, without a doubt, gradually remold many of our present customs. The principles upon which it is based will be applied to many different uses as yet unguessed. Already we have, besides the telegraph, the practical radio telephone, the radio compass, which is invaluable to ships at sea and to aeroplanes and the radio cable method of guiding ships into harbors.

As a matter of up-to-date education in scientific matters, in general, a course in the Loomis Radio School will prove a worth while addition to your college course.

As a means of pleasant and fascinating use of your spare time, nothing can surpass our course in radio.

As a means of entertainment for yourself and your friends, you will find the erection of a radio station in your own home or rooms to be unequalled.

As an opportunity to secure world-wide travel without expense to yourself, it offers more than any other profession in the world. Many college men study radio evenings during the winter and travel as radio operators during the summer, thereby benefiting their health, filling their pocketbooks, and seeing the world at the same time.

Start now, and let us qualify you for a cruise next summer.

Catalogue on request. Tuition charges moderate.

## STUPID STEVE SAYS

Dear Steve: I was an eye-witness to the recent freshman-sophomore "mixer," which was intended as a freshman "mixer," but resulted in a mixture of freshmen, sophomores and a well-known dean and other prominent gentlemen in the Arts and Sciences department. Signs of life? Yes. Everything went well until the well-known dean appeared on the scene. Then things got rough. When the smoke cleared away there was enough broken glass on the floor to make a tire dealer think he was in heaven. I'm not accusing the well-known dean of any rough stuff, but if you are in any math class in the Engineering Department, you'll know that two and two add up to the well-known five. I. WITNESS.

If that was a mixer, what will the tug of war be like?

**Self Protection.**  
"You admit, then," said an Alabama judge, "that you stole the hog?"  
"Ah sure has to, judge," said the colored prisoner.  
"Well, nigger, there's been a lot of hog-stealing going on around here lately, and I'm going to make an example of you or none of us will be safe."—The Lawyer and Banker (New Orleans).

A good place to work off entrance conditions and to make up deficiencies in college work.

A fact:

At the Traymore, Fatima leads. And the same holds true for all of Atlantic City's large, fashionable hotels.

## Why do so many men "get off" straight Turkish cigarettes?

IT'S not always a matter of price. Many can afford straight Turkish cigarettes, expensive as they are.

The real reason is that straight Turkish cigarettes contain *too much* Turkish for steady smoking. They are over-rich—even heavy.

Men, for the most part, turn to part-Turkish or Turkish Blend cigarettes. And in a great many cases are disappointed. Why? Because the ordinary Turkish Blend contains *too little* Turkish—it lacks taste.

No doubt this explains Fatima's popularity with discriminating smokers.

For while Fatima does not contain *too much* Turkish, still it contains more than any other Turkish Blend—in other words "just enough Turkish" to please not just the taste.

**G. W. PLAYERS GIVE FIRST SHOW IN JANUARY**

Cast Selected for Play "Where Is Helen?"—Mandolin Club Will Open Evening's Program.

The George Washington Players will make their first appearance early in January, when they will present a vaudeville show in the auditorium of Central High School. Rehearsals are being held under the direction of Joseph Garnett, who is managing the show, and a first-class production can be expected. The exact date of the performance has not yet been fixed. Admission will be one dollar.

The program is a varied one, the feature being a comedy, "Where Is Helen?" which is being directed by Prof. Croissant. A number of sketches

and musical numbers will add variety to the program.

The playlet, "Where Is Helen?" promises much entertainment and will be produced by an able cast. At the last regular meeting of the Players try-outs for positions in the cast were held, with President Nall, Foster Hagan, Josephine Houston and Lois McDaris acting as judges. The leading parts go to Alec Preece and Caroline Wise. The cast selected to support these two principals, who take the roles of Jack and Helen, is: Dorothy, Winifred Devoe; Harold, Wood McCastlin; the professor, Helen's father, Foster Hagan; Hortense, Louise Strother; Tom, "Toby" Nall; Kathleen, an Irish maid, Mary Vacarro.

Music by the Mandolin Club will be the opening number of the program. A black-face act has been arranged, which will consist of songs and dialogue in true minstrel fashion. The characters will be Cameron Burton, John Daily, and Charles Boteler. Preston Haynes and Josephine Houston will be heard in vocal selections, accompanied by Harry Sokolov at the piano. A tight-rope act by Brooks Hayes is also on the program. Wood McCastlin promises a witty Hebrew sketch. Mary Vacarro and Lois McDaris will appear in interpretive dances. Singing by the Glee Club will conclude the program.

**MANDOLIN MEETING POSTPONED.**

Due to the limited number of qualified men available, the meeting of the proposed Mandolin Club, scheduled for Friday evening, December 10, was indefinitely postponed.

Preston Haynes, president of the Glee Club, has asked members of that body for their aid in recruiting for the new club, but the number of men who have so far shown any interest is entirely inadequate for the formation of an organization.

**WORKING ON CLASSICS.**

The Men's Glee Club met last Thursday night in the auditorium of Lisner Hall and had a very satisfactory hour of practice, followed by a brief business meeting. The club has about 30 active members on the rolls now and rapid progress is being made under the capable direction of Mr. King-Smith.

During the practice the men sang "Kentucky Babe," "Sweet and Low," and "Annie, Laurie." Director King-Smith urged the men to be prompt and regular in attendance, as he has a program calling for intensive practice mapped out for them. He also gave the men directions for the care of their voices.

The club is preparing for their act in the vaudeville show, which will consist of solos and songs by the quartet and chorus. A brief business meeting, and try-outs of the new members' voices followed the practice. Ben Foster has been elected secretary and librarian and Robert W. Colflesh treasurer and manager.

**JUNIORS GET SYSTEM.**

A meeting of the standing committees and the officers of the junior C. C. class of the University was held to plan a campaign among the members of the junior class for the collection of class dues. The class members were apportioned among the members of the committee and will be visited personally for the solicitation of the class dues of \$2. Receipt cards, stating that so and so has paid the regular dues, will be given those members of the class who "come across" and will serve to guard against further approaches. The campaign is under the direction of George L. Bowen, treasurer of the class, who will act as chairman of the "campaign committee," which includes the members of the social, finance and publicity committees and the officers of the class.

**A Public Speech.**

Bill—Have you ever done any public speaking?

Joe—I once proposed to a girl over the telephone in my home town.—Burr.

College Brogues and hosiery for College men and College women

and 3 other stores

**SCHOLARSHIP**

The following announcement made by Howard L. Hodgkins, dean of the Department of Arts and Sciences, relative to scholarship, shows the sororities to have an average 5.8 per cent higher than that of the fraternities. The average marks for 1919-20:

Women's fraternities.....89.1%  
Men's fraternities.....83.3%

**BANQUET CLOSES FOOTBALL SEASON**

(Continued from page one.)

End John Loehler, of All-South Atlantic mention, made one of the best addresses of the evening.

Dean Howard L. Hodgkins, of Arts and Sciences, subscribed to the football banquet but was unable to be present owing to a previous engagement. Dean W. A. Wilbur, of Columbian College was suffering from a serious cold and could not attend.

Coach Morse announced the list of letter men, which included 12 men who played 19 quarters of the 32 quarters, and Manager Whyte. These letters soon will be presented, as will numerals to the other members of the team and Assistant Manager Clark.

Cooperating with "Dan" Borden to make the affair a success were Prof. Gilbert Hall, Harry C. Davis, Prof. H. G. Doyle, of the Department of Arts and Sciences, and members of the G. W. Club.

The appointments were perfect, and the dinner was exceptionally fine, as was commented upon by several members of the football team. An orchestra played throughout the evening, several solos, both vocal and instrumental, were given by members of the orchestra of girls.

The dinner was informal. Each table was decorated with yellow cysanthemums tied with buff and blue ribbon. The dinner cards were unusually well designed throughout and reflected great credit upon the committee in charge.

With such a fine start made in the banquet this year, plans were already started by members of the Board of Managers, faculty and alumni to have a much larger affair next season, at which the alumni and students, as well as a large percentage of the faculty, could attend.

**TO HAVE GIRLS SWIMMING TEAM.**

A girls' swimming team is being formed. Miss Moody, the manager is going to appoint the members within a few days. All girls who are interested in swimming both those who already know how and those who wish to learn how are urged to join this activity. Those who are just applying for membership should see Miss Marjorie Gerry, the assistant manager. The beginners have from 3:45 to 4:20 every Thursday in which to be coached, and the swimmers have from 4:20 to 5:00 on the same day to practice the old and master the new accomplishments.

**BOWLING NEWS**

On December 2 Theta Delta Chi defeated Sigma Alpha Epsilon three games and Sigma Nu won a like number from Delta Tau Delta. Both matches were won by top-heavy scores. Phillips of Theta Delta Chi and Rosenlund of Sigma Alpha Epsilon did good bowling in the matches.

December 6 saw Kappa Sigma take the measure of Sigma Phi Epsilon in a close match. Delta Tau Delta came to life and defeated Kappa Alpha two out of three.

Sigma Alpha Epsilon won from Sigma Chi on December 9. Mather of Sigma Chi and Read of Sigma Alpha Epsilon rolled well in this game. On the same night Sigma Phi Epsilon won from Phi Kappa Sigma in the closest match of the season. The last game was won by one pin.

On December 13 Phi Sigma Kappa won two out of three from Theta Delta Chi. Nagle made the high score of 122 in the third game for Phi Sigma Kappa. John Ladd made the highest score for Theta Delta Chi.

Sigma Nu practically cinched the championship the same night by taking three games from Kappa Alpha.

Standing of the Teams Dec. 15, 1920.

	Won.	Lost.	Pct.
Sigma Nu.....	14	1	.940
Kappa Sigma.....	11	4	.733
Sigma Phi Epsilon.....	9	6	.600
Phi Sigma Kappa.....	9	9	.500
Kappa Alpha.....	7	8	.467
Sigma Alpha Epsilon.....	7	8	.467
Theta Delta Chi.....	7	11	.392
Delta Tau Delta.....	3	12	.200
Sigma Chi.....	2	10	.166

## Among the Fraternities

### KAPPA SIGMA.

A very successful smoker was held by Alpha Eta on the evening of Saturday, December 11. Besides all of the active men and pledges, many alumni of this and other chapters of the fraternity were present. Interesting talks were made by Bros Bethune, Pollock, Caldwell and Goodwin.

Howard G. Busch of St. Louis was initiated into Kappa Sigma Sunday afternoon, December 12. Brother Busch is a student in the Law School.

### KAPPA ALPHA.

Alpha Nu chapter will give its annual Christmas dance on Thursday, December 30, at the Franklin Square Hotel. An unusually large crowd is expected, due to the great number of K. A.'s who will be in Washington for the holidays.

Herrmann Wilson and Web Erbach will arrive home on December 23 from Pittsburgh to spend Christmas.

Alpha Nu chapter will hold "open house" on the Sunday following New Year's Day for all alumni, visiting K. A.'s, and the parents of the members of the active chapter.

Ray Jordan from Georgia Tech and now a graduate student at Yale was a recent visitor at the house.

### PI BETA PHI.

A tea was given by Columbia Alpha chapter in honor of Dr. Edith Gordon and Dr. Matzke, who were attending the Public Health Conference held here at the National Museum. They are now resident physicians at the University of Pennsylvania. Dr. Matzke was in charge of the medical work for girls at Cornell University.

### PHI MU.

Beta Alpha Chapter of Phi Mu entertained at an informal dance, in honor of their pledges, at the Phi Sigma Kappa house on Saturday, November 27. There were about thirty couples present and Mr. and Mrs. Stanley Taylor acted as chaperones.

Miss Catherine Moran, who is doing graduate work at Columbia this year, spent the Thanksgiving holidays in Washington.

### PHI ALPHA.

A group of the local Phi Alpha men traveled to Baltimore by automobile, Fords, and the W. B. & A. to attend the dance given by the Johns Hopkins and University of Maryland chapters on Thanksgiving night at the Southern Hotel. Everybody enjoyed the trip immensely and are anticipating repeating it during the Christmas holidays when the annual convention of the Phi Alpha will take place in Baltimore.

### THETA LAMBDA SIGMA.

Louise Weckerly, Kappa Kappa Gamma, Allegheny College, has been made an affiliate member of the chapter.

Mrs. Bolwell entertained the chapter at tea at her home 3408 Lowell St., Cleveland Park, Friday, December 17.

The chapter gave a tea for members, patronesses, and some out-of-town guests at the Washington Hotel Saturday, December 11.

The members and patronesses of the chapter will attend a luncheon at the Madrilon December 29.

### GAMMA DELTA RHO.

Mrs. Leslie Shaw, assisted by Mrs. Margaret DeWolfe, gave a tea at Wardman Park Hotel the afternoon of December 5 for the members of Gamma Delta Rho.

Gamma Delta Rho entertained about 60 guests at an informal tea at the Burlington Hotel Sunday afternoon, December 12.

Miss Marion Holliday has been elected secretary of the second-year law class.

She—Why is a man like a kerosene lamp?

He—I'll bite, why?

She—Because he is not especially bright, he is often turned down, he generally smokes, and he frequently goes out at night.

### SIGMA CHI.

Grand Consul Brother Lawrence De Graff, chief justice of the Supreme Court of Iowa, visited Epsilon chapter on Thursday, December 2, and a smoker was given in his honor. He gave a good talk on Sigma Chi and what it means to its members and discussed an expansion program which was heartily approved of by the brothers. He announced also that from now on all Sigma Chi jewelry was to be standardized.

A Christmas Eve party and a New Year's Eve dance are to be given at the chapter house.

### SIGMA PHI EPSILON.

Verne Simmons, Law '22, who underwent an operation for appendicitis last Friday, has safely passed the crisis and is expected to recover.

### SIGMA NU.

Netz Miller, who attended the University last year but is now located in Cleveland, will be a guest at the chapter house over the holidays.

Gordon C. Tibbitts has won the scholarship medal awarded by the chapter for distinction in the past year.

**MURAD**

THE TURKISH  
CIGARETTE

Mrs. Fox was bragging one day about the large number of her cubs.

"How many cubs do you bring into the world at one time?" she asked the LIONESS.

"Only ONE," replied the Lioness—"but it's a LION."

**MURADS COST 20 CENTS for a BOX  
of 10—BUT THEY'RE MURADS!**

MURADS would be lower priced if we left out all or part of the 100% Turkish tobaccos of the purest and best varieties grown—or if we substituted inferior grades of Turkish tobacco.

But they wouldn't be MURADS—they'd only be Foxes!

*"Judge for yourself—!"*

Special attention is called  
to Murad 20s in Tin Boxes
